NUMBERS 1-6

1990 INDEX

Each page reference consists of two numbers separated by a colon. The number preceeding the colon identifies the issue (1: January/February; 2: March/April; 3: May/June; 4: July/August; 5: September/October; 6: November/December). The page number in the issue follows the colon. For example, 4:33 refers to the July issue, page 33.
